Misconduct notices will be given for misbehavior on the bus. When misconduct notices are received, they must be signed by the parent or guardian and returned to the driver the next day. A copy of each misconduct notice is also sent to the student's school. Conduct which causes extreme safety problems may cause transportation privileges to be suspended. If this happens, parents or guardians will be notified directly by a school building representative. Should a third notice be necessary, suspension from bus transportation may occur. Parents or guardians will be notified by a school building representative.

Special Education Transportation

Transportation will be provided to all eligible students in special education in the most typical manner that can be arranged. Students will be transported on regular buses and on regular routes whenever possible. Special routes will be established when a student's physical, emotional or behavior conditions warrant, or when it is necessary to transport a student to a school other than his/her home attendance center.

Requests for district-provided special education transportation must be made by a special education teacher or school psychologist and approved by the Blue Valley Academic Services Department.

Cancellations

Cancellations are required only when a student is being transported on a special needs bus or rides a bus during the noon hour. To cancel transportation for these students, please contact Durham School Services 30 minutes prior to the scheduled pick-up time by calling 913-681-2492 ext 109 or 108.
