

Dear Blue Valley Parent,

Bus transportation services will be provided by Durham School Services for the Blue Valley School District for the 2026-27 school year. The school year and bus transportation services will begin August 13, 2026 for all students. Bus service is also provided for registered bus eligible students for 6th grade and 9th grade for new student orientation day on August 12, 2026.

As in past years, you will be required to register your student bus rider(s) prior to July 21, 2026. All riders must register to ride the bus whether you live in a pay ride area or free ride area. Your home address must be outside a 2.5 mile boundary from your home school building to receive free bus transportation. Registrations for bus transportation will not be completed over the phone.

Middle and High School students must live 2.5 miles or further from their school in order to register for transportation services. Many buses will travel to both high school and middle school on same route. School start times allow for all students to arrive to school on time. Always review your stop location once you are notified of your student's bus assignment. Bus stops may change year-over-year based on student ridership, street changes/enhancements, or other transportation and safety factors. Please note door-to-door service will not be provided. Students are asked to walk to designated bus stops.

Requests for District-provided special education transportation must be made by a special education teacher or by the school psychologist at the student's school. If your student is enrolled in the special education program you **do not** register that student – instead, please call your child's school to request their bus transportation.

Students who qualify for the free or reduced lunch program may be eligible to receive busing at no cost. Applications can be obtained by calling the Food and Nutrition Services at 913-239-4062. Parents who are new to the free and reduced lunch program will need to contact Durham School Services at 913-681-2492 for instructions on how to register for bus service. If your student qualified for the free or reduced lunch program in the 2025-26 school year then please register following the 2 options below. All eligibility information will be verified by the Blue Valley School District.

Late enrollees who register on or after July 21st 2026 will not be guaranteed transportation before September 1st and will be processed on a first come first serve basis.

A discounted rate is offered for all registrations completed prior to 11:59 PM on June 30, 2026. This is a significant savings from the regular full fare Payrider fee but **you must register prior to 11:59 PM on June 30, 2026** to take advantage of this early enrollment discount.
